Walter

Cast iron inertia radiator

- SPECIAL SPACE-SAVING COMPACT FORMAT.
- SOFT, LASTING AND ENVELOPING WARMTH.

CONNECTABLE
(OPTIONAL MODULE)

Cast iron inertia

Built-in element embedded in the cast iron for immediate response and total inertia control.

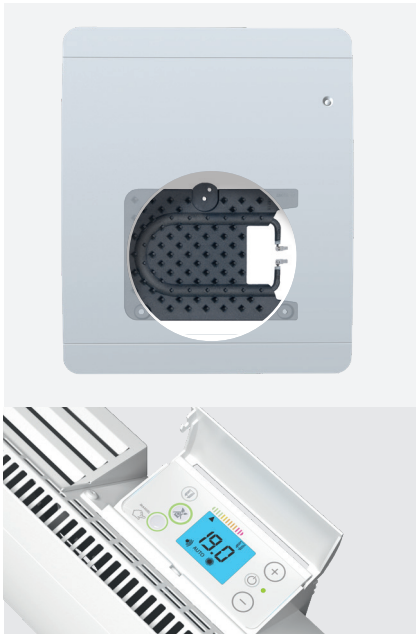

Energy savings

Its advanced programming functions optimise your energy consumption and limit wastage. Can be connected to an Intuis connect device with Netatmo (optional), for even more comfort and savings

Design

With its attractive flat surface and smooth satin finish, it is discreet in small spaces and will easily replace your old radiator.

CAST IRON INERTIA

The Walter has a cast-iron heating element for lasting comfort and soft, enveloping heat. Inertia, energy-savings features, connectable (optional module) for remote control of your system, for guaranteed comfort and energy saving.

THERMOSTAT FUNCTIONS

Backlit LCD display.

Accuracy to a 10th of a degree.

Behavioural indicator.

Open window detection.

Landlord functions:

- simple locking,
- pin code locking,
- range setting.

Hotel function:

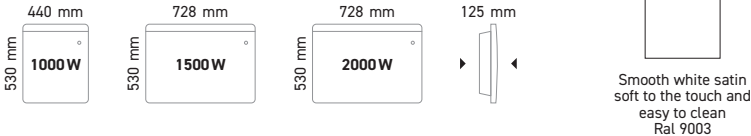

- settings lock and set range.

Temperature calibration

Daily and weekly programming:

- 3 pre-set programmes and set range,
- 3 flexible programmes.

6-hour power back-up to avoid having to reset the time in the event of a power cut
